

The Beaufort Digital Corridor is pleased to introduce **new Executive Director: [Nicie Phillips](#)**. WELCOME, NICIE!

Nicie moved to Beaufort this past year from the Pacific Northwest where she was Dean at a small private college. She is in the process of finishing up a Masters in Information Science and has an undergraduate degree in Marketing. As a former Clemson Tiger, she is no stranger to South Carolina and is pleased to be living in our beautiful coastal city. She brings strong situational adaptability and professional experience running an organization with many moving parts. According to Nicie, "My passion is to help others determine what they need to be successful and to be part of growing the Beaufort business economy."

The economy just started to reopen as Nicie stepped in, so stay tuned as she gets BASEcamp and the BDC in its new working order for a pandemic world. One of her first tasks was drawing up the BASEcamp pandemic safety policy and making the [Safe Commitment](#) along with other local area partners.

***BASEcamp is now open for coworking and BDC member activity, allowing public access on an as-needed basis and requesting all who enter BASEcamp***

follow posted guidelines. Advance notice for coworkers and visitors is appreciated. Email [info@beaufordigital.com](mailto:info@beaufordigital.com) or call 843-470-3506.
